Re: **REVISED Justification Letter**  
**Metropolitan Homes**  
**APN 138-24-703-006**

Dear Mr. Rankin:

Enclosed please find a Variance application to supplement the prior application package submitted to your office on Friday, December 12, 2008, requesting approvals for a Senior Housing facility in a C-1 zone proposed at 1821 North Decatur Blvd (west side of Decatur, between Vegas Drive and Lake Mead Boulevard). The proposed facility was approved by way of applications SDR-3498 and SUP-3491 in 2004, but subsequent litigation surrounding the sale of the property delayed the commencement of development, and the approvals expired.

Metropolitan Homes respectfully requests renewed approvals to construct the same project at the same site. The development consists of a 150-unit low income apartment complex on 2.16 acres. The project will provide approximately 6000 square feet of commercial development to support the tenants and the neighborhood. The project design provides a unique floor plan wherein two main corridors are separated by a courtyard above the first floor, providing a cover to the parking beneath. The second floor area above the commercial portion of the property provides a recreation area for residents of the facility. The architecture of the structure provides a "stepped-back" look to offer additional articulation and interest in the building design and making the building more appropriate to the neighboring residential area. To facilitate this unique style and to provide covered parking for the proposed senior residents, a Variance to permit an increase in permitted lot coverage and a reduction in the required separation from neighboring residences will be necessary. This variance from the development

code allows the upper units to shield the parking area during the hot summers, while providing a feeling of open space to a greater number of residents by way of the open courtyard between the two main corridors.

An additional Variance for a reduction in parking spaces is also required, and is appropriate for a senior center which is anticipated to have fewer residents who are automobile owners.

If you have any questions or need additional information, please do not hesitate to contact me at the above number.

Sincerely,
